Thanks Ed and yes that time works for a call on the 16th. I'll put it in my calendar to call you then.

In the meantime , can you share any information on the EPA decision you note ?

Thanks

Good questions, Paul. The agenda for the meeting would be EPA's decision on the approach to take with the 200 N. Richey property (Surface/vessel removal and RI). I've envisioned the participants to be the City, Severn Trent (as past operator) and the PRP Group to discuss EPA's decision – sort of like a kick-off meeting so to speak to get all parties engaged and talking on how to accomplish the removal/RI goal. I've heard from Mary Koks and Connie Westfall that Gary Justis would plan to attend as well.

Would the 16th at 2:30 pm Central (1:30 pm Mountain) work for you?

Ed , certainly talking in the 16th works. Given that is always off , can you add some color please on the agenda and purpose of the meeting EPA is requesting on November 30th ? Who all do you anticipate will be attending ?

Again , if you'd like to visit before the 16th I can be available.

Thanks

Hi Paul,

Sorry I missed your call earlier. I got your voice-mail message and understand you'd like to have a call tomorrow. Unfortunately, I won't be able to participate on a call tomorrow and will be out of pocket until the following Thursday, November 16. Would that day work for you? Please let me know.

Ed Q.
